Stainless Steel Manual Carousel 40 In. Diameter 2000 Lb. Capacity Silver

MODEL CA-40-2-SS

Packaging Equipment / Stainless Steel Manual Carousels

PRODUCT OVERVIEW

The manual carousels rotate materials with the assistance of an operator. Now loading and unloading operations can be done more efficiently; minimizing fatigue and risk of back injury. The carousel may be added to an existing work bench, scissor table, or simply placed on the floor. Constructed of two pieces of rolled structural angle. A series of standard sealed ball bearings transfer the load smoothly and evenly to the supporting surface.

KEY FEATURES

- Manually rotating top ring will rotate 360 degrees
- Stainless Steel rings are flat for precision
- Internally sealed roller bearings and guide rollers provide long lasting use
- Four guide rollers keep the rings aligned
