

Steel Heavy Duty Cantilever Single Brace Set 96 In. Width For 8 Ft. and 10 Ft. Height Upright Blue

MODEL HB-C-8-8

Storage Solutions / Heavy-Duty Cantilever Racking

PRODUCT OVERVIEW

The Heavy Duty Cantilever rack is completely adjustable for application specific design flexibility. Long, welded stock is handled quickly and efficiently by forklift; instant accessibility to one (1) piece or a full load. Custom rack systems can be designed for your special application. The horizontal/diagonal braces unique bolt together construction with welded steel components offers a great combination of strength and durability. Individual components are sold separately to accommodate your requirements.

KEY FEATURES

- Rack is completely adjustable for application specific design
- Non-welded stock is handled quickly and efficiently by forklift
- Bolt together with welded steel construction are for strength and durability
- Individual components are sold to accommodate specific requirements
