

Steel Spring Loaded Bollard Beeper and Strobe 42 In. Height Yellow

MODEL SPBOL-42-BL

Protective Barriers / Spring Loaded Steel Bollards

PRODUCT OVERVIEW

The spring loaded steel bollard is designed to serve as a visual and audible warning to personnel. Unique spring-loaded design will bend and not break like rigid bollards. Prevents damage to bollard and equipment. Promotes long life. This bollard has a light/siren which includes sensitive switches that will activate a strobe light and warning siren when contacted. Operates with batteries (not included). Simply slides into open top of bollard. Each bollard is manufactured from steel and includes a powder coat safety yellow finish.

KEY FEATURES

- Spring-loaded design will bend and not break like rigid bollards
- Bollard design protects machinery and other equipment
- Steel construction promotes long life
- Powder coat safety yellow finish provides maximum durability
